

ILLINOIS EPA PUBLIC MEETING

AMEREN TAYLORVILLE MGP SITE

**November 30, 2023
6:00PM**

**Taylorville Junior High School
120 E Bidwell Street, Taylorville, IL**

For more site information:

<https://epa.illinois.gov/topics/community-relations/sites/cips-taylorville.html>

The public is invited to an informational meeting for an update on the status of the In Situ Stabilization/Solidification (ISS) Pilot Project at the Ameren Taylorville MGP Site. The site is located at 917 South Webster Street in Taylorville.

Learn about site history, current nature and extent of residual impact, remedial technologies considered for change of the remediation approach, and an update on the site status.

Questions may be asked after the presentation. Registration will be required to speak at the public meeting. Please contact Sarah Brubaker at the information below to reserve an opportunity to speak in advance.
